Hi James

Here's a draft amendment to the NJ QAPP for the next round of NJ sampling.

I'm still checking with NJ that this is the number of samples they intend to send and if they can meet this schedule. I told them if they can't make the window we give them here we'll have to start all over figuring out another window for them.

I'd like to get a draft of this to Buckley by end of the day if possible, pending response from NJ as well. Sania is also reviewing.

Kate
